

FISCAL NOTE

HB 2218 - SB 2233

January 31, 1998

SUMMARY OF BILL: Requires any funds collected from the lease of surplus state real property for communications relay apparatus or antennae sites to be specifically earmarked for maintenance of state park facilities, including furniture, fixtures and equipment.

ESTIMATED FISCAL IMPACT:

OTHER FISCAL IMPACT – Increase Revenues/Exceeds \$100,000 Earmarked for Maintenance of State Park Facilities

Earmarks revenue collected from the lease of surplus state real property for communications relay apparatus or antennae sites for maintenance of state parks.

Presently, the state has the authority to lease such property and collect revenues from such leases but does not. However, it is estimated that should the state collect revenues from such leases, revenues would exceed \$100,000.
